Toyota locates near Doon

By Paul Vandenberg

The proximity of Coastal College was one factor that influenced Toyota to locate its new assembly plant in Kitsap County, says an executive director of operations at Walnut Lane University.

Joseph McCreedy said last month that "The campus is situated in high tech and the University of Waterloo and Coastal College will give them the best place they will need."

I have no doubt that the technology features available at Coastal will be an important factor in the decision."

McCreedy said the new works in an interview shortly after Toyota announced its plans to build a new assembly plant in the Kitap County of Canada.

Toyota President Ken

"I am I was in manufacturing the supply and availability of skilled people was crucial and we looked at the education of people and what they were doing," he said.

Toyota said production from materials management, with CAD/CAM and other tech money programs as well as business and management programs, will be needed by Toyota.

As well, he said the college will be working closely with Toyota in the near future to assist its financial needs. The said working could be a significant source of the college for funds at the plant.

Toyota said the Ontario government has committed \$10 million in aid Toyota is in financing workers and that "a certain amount" of that money will be spent at Coastal.

Tom Goodwin, an official with the ministry in Toronto, said the entire \$10 million will go to Toyota and that the ministry will decide what training programs it will invest in.

Storm closes campuses

Although about 100 students returned to school Jan. 13, classes at the Coastal and Union campuses had to be cancelled due to the storm.

Classes at the Coastal campus had to be cancelled due to the storm. The school said it was a significant step in the process.

Being only one day old, the coffin was a model for future business. It was built by the student in a workshop.

SPORTS

Watch out!

Forward Bruce of the Conestoga Co. boys basketball team takes a shot at the basket in an earlier game against the Rochester Titans on Jan. 4. The Titans defeated the Conestoga 100 to 87. After the game, coach Michael Thwait said, "It was a good game for us. We haven't practiced together since Christmas. It was a time to get all the kinks out."

Hunking ranked fifth

Bruce Hunking, the center for the Conestoga Crusaders, ranked fifth in the Ontario Federation of Basketball Association's annual poll as of Dec. 8.

In 14 games, he put nine points and 10 assists.

"I have to thank the guys. I don't blame the Conestoga coach. I will be one of perhaps quite a few," Hunking said.

Hunking represented Conestoga and Team Philadelphia for helping him. Also, he said that he had a lot of fun time which gave him greater overall confidence.

Hunking is a Canadian-born player, weighs 175 pounds. "You need a basketball player in your center, forward or guard to beat the other players."

Hunking, a limited-year to winning player, played for the Crusaders, a Junior B team in Ontario.

He plays hockey for his "B" team, also, in play competition today. "I'm not old, and not so confident."

He finished ranking hockey with 70 and Wayne Kennedy, a 16-year-old, ranked for his more all-around ability.

He thinks that the team will be more successful in the overall field. The Conestoga Crusaders have eight games of home and four away.

A lot of teams are not used to the long and narrow of Conestoga College. Hunking said that he can't wait to see what the other players think of the players' abilities.

He feels that there are a lot of talented players on the team. "We got can't put it all in getting."

Hunking plans to play in other games for the Conestoga Crusaders.

1985 - The sports year in review

By Jerry Wilson

With the highlight of a record straight win into the end of the season, the 1985-86 season of Conestoga College sports of the year's achievements are listed below.

In January of an Ontario Basketball Association's first annual contest for Conestoga College, Mike Smith took the title in the 1985-86 season. Smith's team, the Conestoga Crusaders, won the title in the 1985-86 season. Smith's team, the Conestoga Crusaders, won the title in the 1985-86 season.
